Statement of commitment to child safety

Caulfield Primary School is a child safe organisation which welcomes all children, young people and their families.

We are committed to providing environments where our students are safe and feel safe, where their participation is valued, their views respected, and their voices are heard about decisions that affect their lives. Our child safe policies, strategies and practices are inclusive of the needs of all children and students.

We have no tolerance for child abuse and take proactive steps to identify and manage any risks of harm to students in our school environments.

We promote positive relationships between students and adults and between students and their peers. These relationships are based on trust and respect.

We take proactive steps to identify and manage any risk of harm to students in our school environment. When child safety concerns are raised or identified, we treat these seriously and respond promptly and thoroughly.

Particular attention is given to the child safety needs of Aboriginal students, those from culturally and linguistically diverse backgrounds, international students, students with disabilities, those unable to live at home, children and young people who identify as lesbian, gay, bisexual, trans and gender diverse, intersex and queer (LGBTIQ+) and other students experiencing risk or vulnerability. Inappropriate or harmful behaviour targeting students based on these or other characteristics, such as racism or homophobia, are not tolerated at our school, and any instances identified will be addressed with appropriate consequences.

Child safety is a shared responsibility. Every person involved in our school has an important role in promoting child safety and wellbeing and promptly raising any issues or concerns about a child's safety.

We are committed to regularly reviewing our child safe practices, and seeking input from our students, families, staff, and volunteers to inform our ongoing strategies.

Roles and responsibilities

School leadership team

Our school leadership team comprising the principal, assistant principal, learning specialists and curriculum leaders is responsible for ensuring that a strong child safe culture is created and maintained, and that policies and practices are effectively developed and implemented in accordance with Ministerial Order 1359.

- champion and promote a child safe culture with the broader school community

Specific staff child safety responsibilities

Caulfield Primary School has nominated the Assistant Principal and Learning Specialists as Child Safety Champions to support the principal to implement our child safety policies and practices, including staff and volunteer training.

The responsibilities of the Child Safety Champions are outlined at [Guidance for child safety champions](#).

Our Principal and child safety champions (Assistant Principal and Learning Specialists) are the first point of contact for child safety concerns or queries and for coordinating responses to child safety incidents.

- The Principal is responsible for monitoring the school's compliance with the Child Safety and Wellbeing Policy. Anyone in our school community should approach the principal if they have any concerns about the school's compliance with the Child Safety and Wellbeing Policy.
- The Principal is responsible for informing the school community about this policy, and making it publicly available
- Other specific roles and responsibilities are named in other child safety policies and procedures, including the [Child Safety Code of Conduct](#), [Child Safety Responding and Reporting Obligations \(including Mandatory Reporting\) Policy and Procedures](#), and Child Safety Risk Register.

Child Safety and Wellbeing are regularly addressed at leadership and area meetings. Child Safety and Wellbeing are agenda items to identify and respond to any ongoing matters related to child safety and wellbeing.

The Principal monitors the Child Safety Risk Register.

Child Safety Code of Conduct

Our Child Safety Code of Conduct sets the boundaries and expectations for appropriate behaviours between adults and students. It also clarifies behaviours that are not acceptable in our physical and online environments.

We ensure that students also know what is acceptable and what is not acceptable so that they can be clear and confident about what to expect from adults in the school.

[The Child Safety Code of Conduct](#) also includes processes to report inappropriate behaviour.

Managing risks to child safety and wellbeing

At our school we identify, assess and manage risks to child safety and wellbeing in our physical and online school environments. These risks are managed through our child safety and wellbeing policies, procedures and practices, and in our activity specific risk registers, such as those we develop for off-site overnight camps, adventure activities and facilities and services we contract through third party providers for student use.

Our Child Safety Risk Register is used to record any identified risks related to child abuse alongside actions in place to manage those risks. Our school leadership team will monitor and evaluate the effectiveness of the actions in the Child Safety Risk Register at least annually.

Establishing a culturally safe environment

At Caulfield Primary School, we are committed to establishing an inclusive and culturally safe school where the strengths of Aboriginal culture, values and practices are respected.

We think about how every student can have a positive experience in a safe environment. For Aboriginal students, we recognise the link between Aboriginal culture, identity and safety and

actively create opportunities for Aboriginal students and the Aboriginal community to have a voice and presence in our school planning, policies, and activities.

We have developed the following strategies to promote cultural safety in our school community:

- Begin events and meetings with a Welcome to Country or an Acknowledgement of Country as a standing agenda item. Use this as an opportunity to pause and reflect or open a discussion.
- Build school wide knowledge of Aboriginal histories, cultures, perspectives, values, skills and attitudes.
- Acknowledge and draw on the existing knowledge of Aboriginal students and their families.
- Ask for feedback from Aboriginal students and their families about what the school does well, and what can be improved.
- Express zero tolerance of racism in your statement of commitment to child safety included in your Child Safety and Wellbeing Policy and other documents.
- Arrange [Community Understanding Safety Training \(CUST\)](#) or equivalent for staff.
- Develop and implement an Aboriginal and Torres Strait Islander Reconciliation Action Plan.

Student empowerment

To support child safety and wellbeing at Caulfield Primary School, we work to create an inclusive and supportive environment that encourages students and families to contribute to our child safety approach and understand their rights and their responsibilities.

Respectful relationships between students are reinforced and we encourage strong friendships and peer support in the school to ensure a sense of belonging through implementing a whole school approach to Resilience, Rights and Respectful Relationships, the Student Code of Conduct, School Values, Friendship Group, Foundation/Y5.6 buddy program, lunchtime activities (Choir, Taiko, Green Team), camp program, Start Up Program.

We inform students of their rights through our whole school approach to Respectful Relationships, co-constructing classroom expectations and consequences based on our School Values and Student Code of Conduct and give them the skills and confidence to recognise unsafe situations with adults or other students and to speak up and act on concerns relating to themselves or their peers. We ensure our students know who to talk to if they are worried or feeling unsafe and we encourage them to share concerns with a trusted adult at any time. Students and families can also access information on how to report concerns at the school office.

When the school is gathering information in relation to a complaint about alleged misconduct or abuse of a child, we will listen to the complainant's account and take them seriously, check our understanding of the complaint, support the student and keep them (and their parents and carers, as appropriate) informed about progress.

Family engagement

Our families and the school community have an important role in monitoring and promoting children's safety and wellbeing and helping children to raise any concerns.

To support family engagement, at Caulfield Primary School we are committed to providing families and community with accessible information about our school's child safe policies and practices and involving them in our approach to child safety and wellbeing.

We will create opportunities for families to have input into the development and review of our child safety policies and practices and encourage them to raise any concerns and ideas for improvement.

We do this by:

- Caulfield Primary School will seek input from families and the community – for example, through the school newsletter, the School Council, Education and Policy Subcommittee, staff.
- all of our child safety policies and procedures will be available for students and parents at [the school website](#) and at the school office.

We have clear pathways for raising complaints and concerns and responding and this is documented in our school's Complaint Policy. [The Complaints Policy](#) can be found on the school website.

If there is an incident, disclosure, allegation or suspicion of child abuse, all staff and volunteers (including school council employees) must follow our [Child Safety Responding and Reporting Obligations Policy, including procedures](#). Our policy and procedures address complaints and concerns of child abuse made by or in relation to a child or student, school staff, volunteers, contractors, service providers, visitors or any other person while connected to the school.

As soon as any immediate health and safety concerns are addressed, and relevant school staff have been informed, we will ensure our school follows:

- the [Four Critical Actions](#) for complaints and concerns relating to adult behaviour towards a child
